01

**AN EXCEPTIONAL SETTING
IN THE HEART OF PARIS**

In the bustling heart of the City of Light, the Dior Spa Cheval Blanc is a haven of serenity, inviting guests to a holistic immersion in the House of Dior's world. This exceptional setting was created by Peter Marino, in the spirit of a Parisian apartment, around a cozy living room in which each object is a vibrant tribute to Christian Dior's life. As you cross the threshold, the magic begins, and the dream becomes reality.

02

SIX REMARKABLE DIOR SUITES

The treatments are performed in six suites, each of which presents a facet of the House of Dior with its stunning décor. With private white onyx bathrooms, each suite is a remarkable place for a magical experience, which gives rise to new emotions. The constant refinement from one treatment to the next is a renewed bliss each time, and a dream customised for each individual.

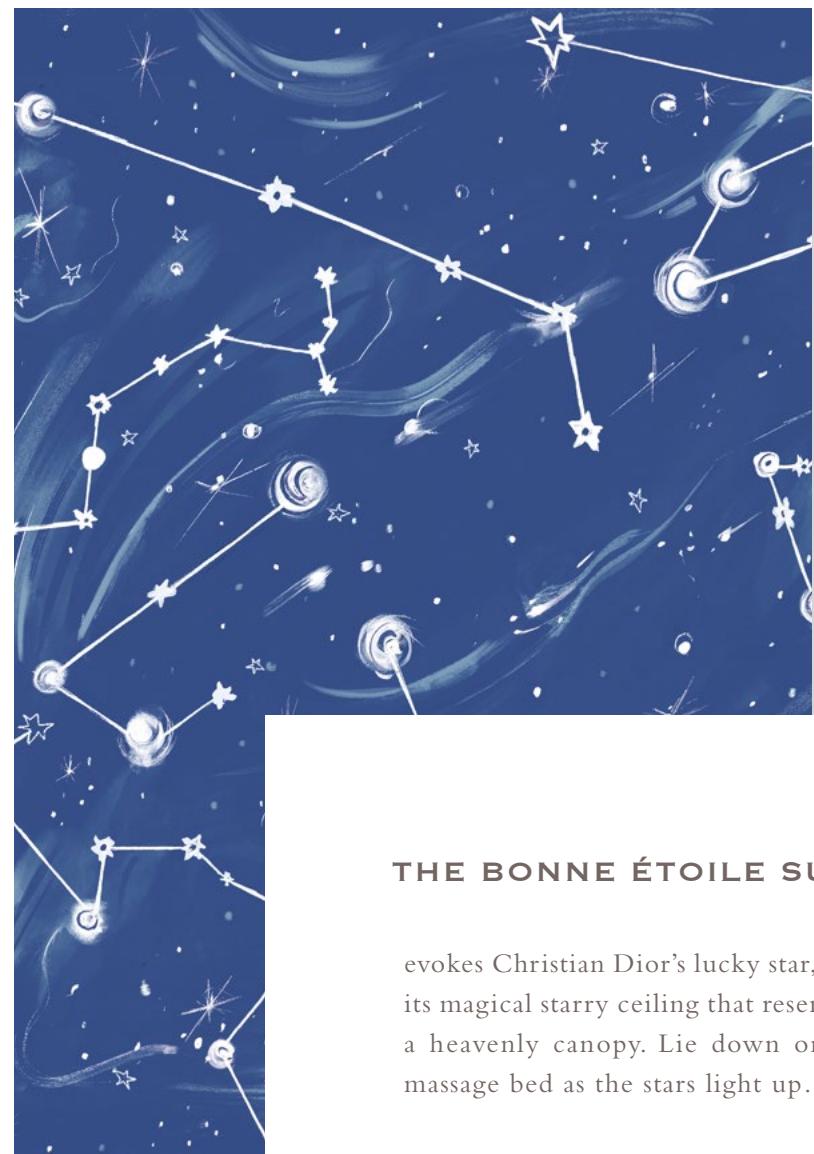

THE BONHEUR SUITE

brings the sensorial experience to its peak. Signature Dior details like timeless gold and the Dior Rose adorn this exceptional suite, designed for a moment of well-being for two. The star features of the suite are two original massage beds, rising from the ground during the treatment for an unforgettable sensation of weightlessness. Offered exclusively in the Bonheur Suite, the Floor Ritual is a gentle prelude to any treatment provided. Delicate swaying and a deep massage from head to toe prepare the mind and body for an enhanced sensory experience. The Bonheur Suite can be used privately for 30 minutes before beginning the treatment in order to enjoy the intimacy of the sauna and the hammam-shower.

THE NEW LOOK SUITE

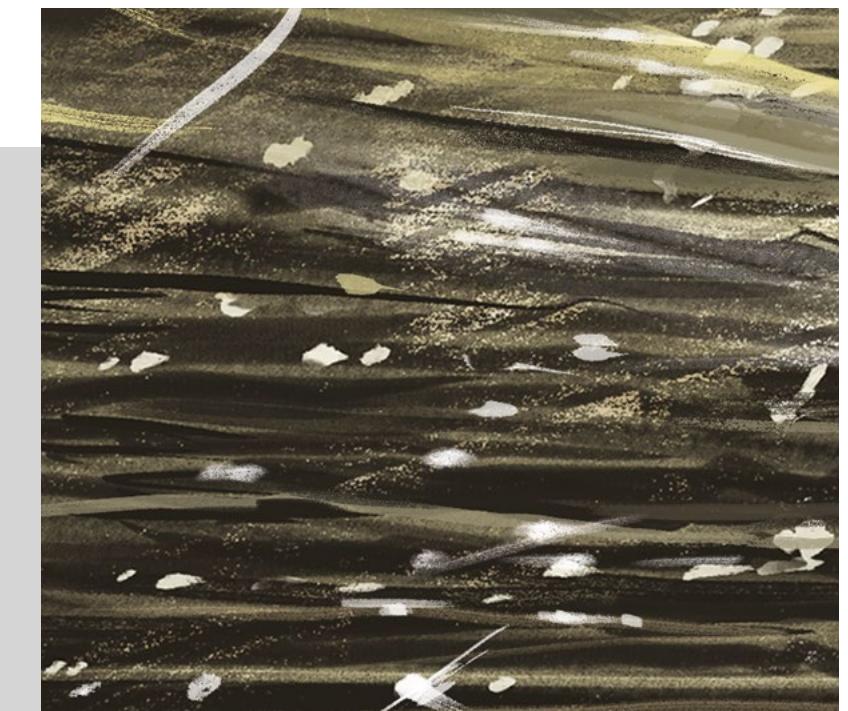

has a structured décor, paying tribute to the avant-garde look created by Christian Dior in 1947. The customised bed allows for a six-handed ritual to simultaneously transform the body, face and hair, in a one-of-a-kind beauty experience.

THE BONNE ÉTOILE SUITE

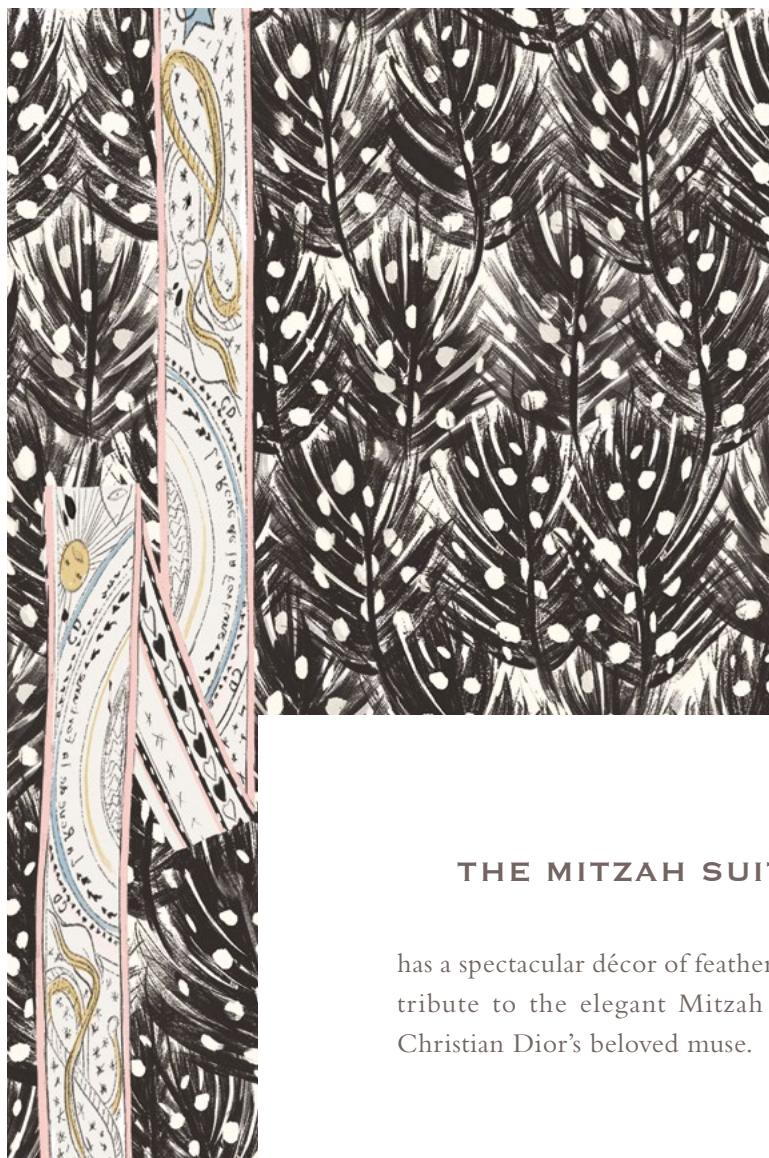

evokes Christian Dior's lucky star, with its magical starry ceiling that resembles a heavenly canopy. Lie down on the massage bed as the stars light up...

THE SAUVAGE SUITE

is adorned with natural materials, creating a return to the nature that the couturier loved so dearly. The massage bed, covered in alpha-quartz, is an invitation to indulgently commune with the elements. Raised at the foot, it optimises the benefits of the treatment by countering the effects of gravity.

THE MITZAH SUITE

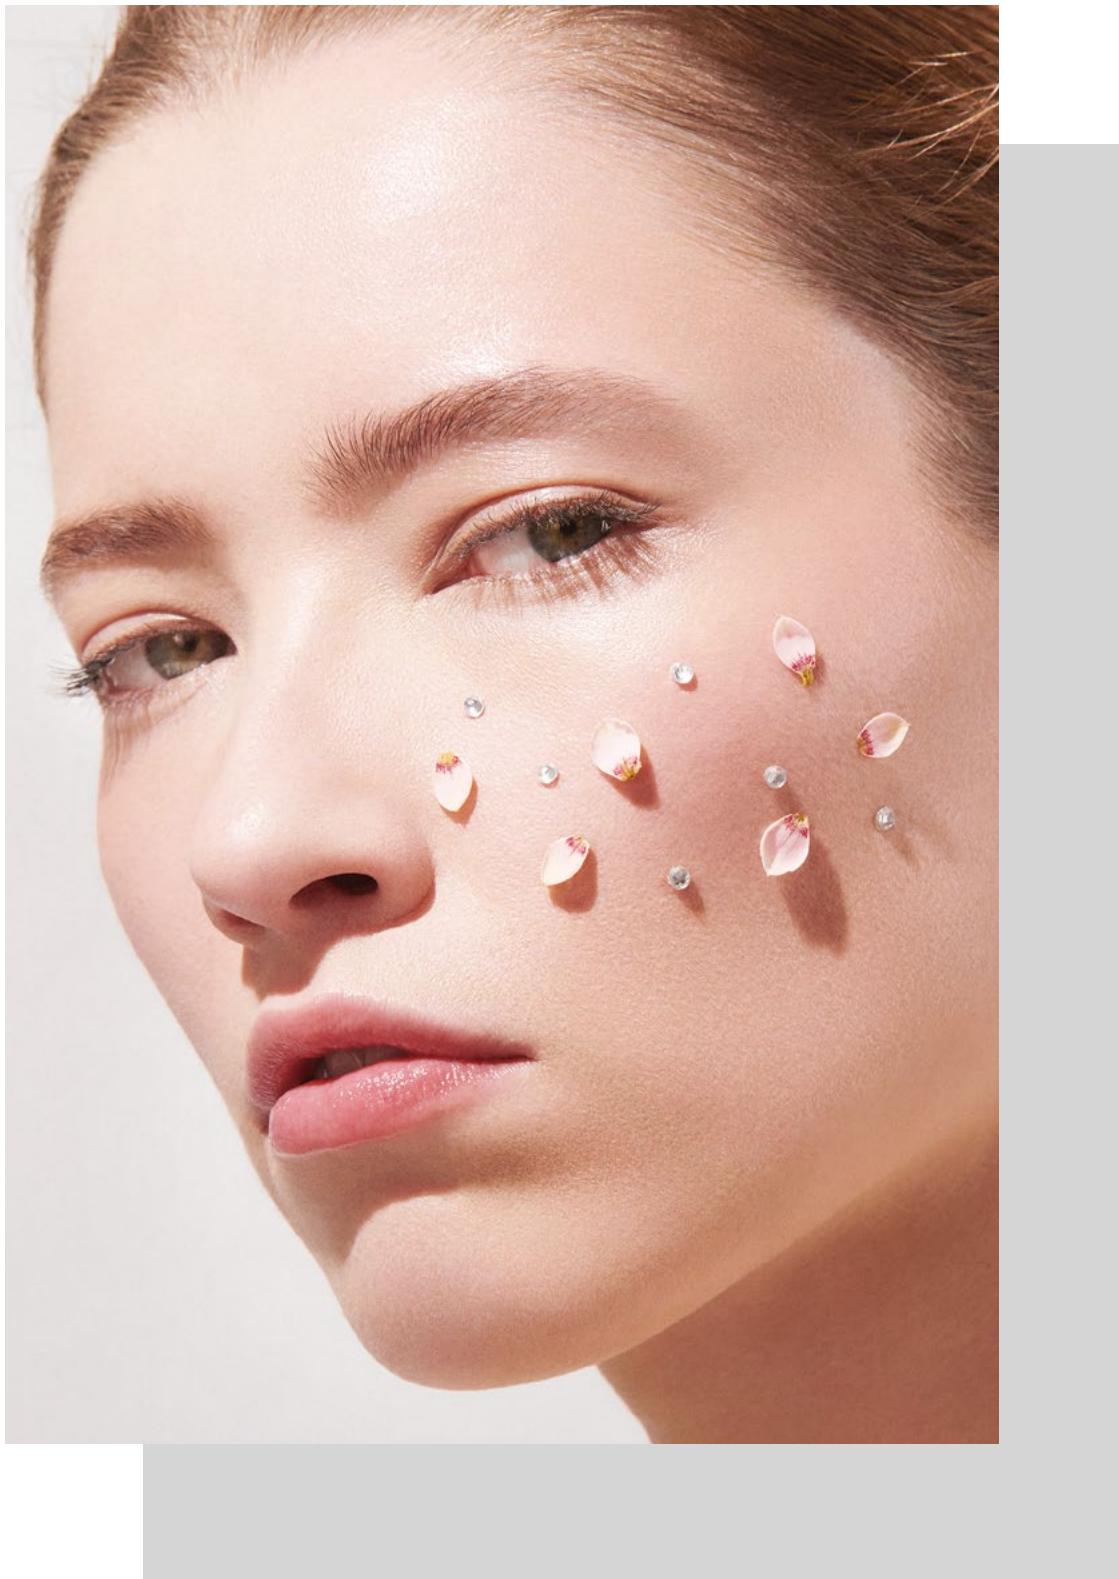

has a spectacular décor of feathers, paying tribute to the elegant Mitzah Bricard, Christian Dior's beloved muse.

THE GRANVILLE SUITE

is an immersion in the enchanted atmosphere of the couturier's childhood home, the Villa Les Rhums in Granville, with its English garden and abundant hydrangeas.

**SAVOIR-FAIRE
COMBINING MANUAL SKILLS
AND CUTTING-EDGE TECHNOLOGIES**

The Beauty Ambassadeurs combine exclusive Dior manual techniques, such as Dior Tissue Massage and Sensorial Awakening, with cutting-edge technologies for the highest degree of efficacy. The Dior Spa Cheval Blanc style and expertise provide a bespoke experience at its best. Each guest, each instant and each dream, is like no other.

DIOR SENSORIAL AWAKENINGS

These new Dior techniques are an invitation to enjoy an unprecedented treatment experience based on the extreme sensorial acuity of the Beauty Ambassadeurs. By touch, they can feel the energy flow circulating in every tissue. At the end of this tactile conversation, they design a customised Sensorial Awakening, capable of rebalancing and boosting this energy flow. A powerful inner energy immediately circulates through body and mind.

The Sensorial Awakenings, which target the legs, stomach, torso and head, call for experienced practitioners with deep self-knowledge. Perfectly mastered by the Dior Beauty Ambassadeurs, they add a holistic dimension to the Tissue Massages that goes beyond beauty, providing immediate well-being and lasting benefits.

**DIOR
TISSUE MASSAGES**

Dior Tissue Massages combine the best of traditional Eastern and Western methods with powerful, targeted movements. This extremely technical approach is based on a perfect understanding of the skin as developed by Dior for over 40 years. These movements act methodically on all skin tissues, from the deepest to the most superficial, from the densest to the finest. This unusual comprehensive approach regenerates the skin completely.

**DIOR SAPPHIRE CRYSTAL
MICRO-ABRASION**

An exclusive Dior skincare technique, Sapphire Crystal Micro-Abrasion relies on a high-tech tool that combines micro-abrasion with photo-stimulation. The vibrating oscillating head of this high-tech tool, with variable levels of intensity, enhances all skin types, even the most sensitive. Coated with precious fine sapphire particles, it gently and delicately massages the face providing both exfoliation and cellular regeneration.

A world in which expertise, technology and excellence go hand in hand with beauty, relaxation and happiness.

THE TREATMENT MENU

The Dior Spa Cheval Blanc offers an exceptionally rich menu. 48 treatments designed to fulfill every expectation and adapt to every rhythm. 48 sensorial journeys punctuated with surprises and bespoke gestures, with the same objective of pushing effectiveness and indulgence to their ultimate limits.

In addition to the permanent treatment menu, the Dior Spa Cheval Blanc offers a temporary menu that changes depending on the season, the Dior runway shows, or partnerships with renowned experts, for a magical new experience with every visit.

DIOR SPA CHEVAL BLANC

SIGNATURE TREATMENTS

The quintessential spirit of the Dior Spa Cheval Blanc is embodied by precious rituals, rolled out in several stages, allowing the skin and the senses to fully flourish for an unforgettable moment. Here, high technology, customised attention and bespoke massages work wonders on well-being and beauty.

SENSORIAL CHOREOGRAPHY

FACE AND BODY - 1 HR OR 1.5 HRS

A face and body treatment especially designed as an escape from the stress and fatigue of Parisian life. In unison, two Beauty Ambassadeurs simultaneously stimulate energy flow from head to toe. Four hands apply a perfectly choreographed sequence of deep, restful strokes, leading to a profound state of relaxation. Shoulder, neck and head muscles, which can create eye fatigue, are carefully massaged to brighten up the eyes. The treatment concludes with a depuffing wraparound eye mask combined with a gentle massage to drain the eye area, along with a massage of reflexology zones to free the body of any residual tension. An exquisite and long-lasting sensation of serenity and energy is felt instantly.

SINGULAR INTERLUDE

FACE AND BODY - 1.5 HRS OR 2 HRS

In the bustling heart of Paris, this is an ideal treatment to reconnect with yourself, become fully aware of your body once again, and get in touch with your own feelings. Built around the holistic Dior Sensorial Awakenings technique, this bespoke massage targets four different areas. Leg muscles are slowly and deeply stretched, putting you back on your feet and reawakening your inner strength. On the torso, an invigorating massage helps with respiratory flow and stimulates positive energy. On the stomach, slow and subtle strokes improve digestive function and release emotions. On the head, a rhythmic effleurage unlocks tension, providing deep relaxation and a sense of lightness. A unique moment of well-being in Paris.

COUTURE DREAM

FACE, HAIR, HANDS AND FEET - FROM 1 HR

The dream ritual of Parisian women and men for an extraordinary transformation in record time. The treatment takes place in the New Look Suite with its customised bed that allows two Beauty Ambassadeurs and a hair artist to work simultaneously for a multiple experience. Four expert hands, enchantment is under way. Six expert hands, the magic happens, resulting in a glowing face, beautified hair and stunning well-groomed hands and feet. This treatment can be tailored down to the last detail depending on the needs and requirements of each person. A magical moment for a prodigious metamorphosis.

PRECIOUS ENERGY

FACE AND BACK - 1.5HRS OR 2HRS

A divine ritual, a source of positive energy and inner well-being. Semi-precious hot stones – rock crystal, yellow quartz, labradorite and agate – work magic, diffusing their wonderful energetic powers deep down into the being, through a slow massage of the back, arms and stomach. The body is pampered and coddled, for an ultimate cocoon experience. The face is then wrapped in a thermo-heating mask with a prodigious sculpting effect. The treatment ends with a generous, feel-good misting of the Golden Face Bath. Inner well-being is complete and radiates through the face. Rare, sensorial, spectacular.

SUBLIME REVELATION

FACE AND BODY - 2HRS

A prodigious transformation of the skin and the self. The intense treasure of Dior Prestige Le Micro-Caviar de Rose deeply infuses the face and body with its 22 regenerative micro-nutrients. This restorative concentrate has a surprising texture of silky dissolving beads, with instantly soothing and comforting effects. The magic is increased tenfold by a heated cover, and perfected with the ultimate massage using rose quartz, rock crystal and semi-precious stones, cut and polished especially for this exceptional ritual. Thanks to these expert techniques, toxins seem to be eliminated, the skin lights up, and the silhouette looks slimmer.

To enhance each treatment, a generous mist envelops the face like a sensorial cocoon of softness. The Dior Face Baths deeply purify the skin and make it more receptive.
